The West Lindsey Street public informational meeting and open house scheduled for Monday, March 3, 2014 from 6:00 pm to 8:00 pm at Sooner Legends Inn and Suites at 1200 24th Avenue SW has been postponed due to weather and travel conditions. The meeting will be rescheduled for a later date.

West Lindsey Street is currently a 3-lane roadway through the project area. The project consists of widening West Lindsey Street from 24th Avenue SW to Berry Road from three lanes to a divided 4-lane roadway, replacing the Imhoff Creek Bridge and addressing the storm water flooding that has affected this area for many years. This project also includes upgrading the traffic signals along West Lindsey Street at the intersections of 24th Avenue SW, McGee Drive and Berry Road. The upgrades to West Lindsey Street will provide a safer and more efficient transportation corridor for the traveling public.

Additional questions may be directed to Mr. John Clink, City of Norman Capital Projects Manager, at (405) 366-5424.
